ASSOCIATION OFFICIALS also announced that the Desert Circus parade will include an association float, furnished free of cost by the Valley Float Builders.

Five Palm Springs beauties will ride the float. The float girls will be chosen in the next two weeks.

New Proper Names Given To Cemeteries

Palm Springs Cemetery District officials today endorsed a resolution providing proper name for the resort's old and new cemetery grounds.

The district's board of trustees said the old cemetery on Chino Drive, henceforth will be known as the "Welwood Murray Cemetery," and the new cemetery, on East Ramon Road, will be known as "Desert Memorial Park."

Prior to the resolution, the cemeteries had been known as "Palm Springs Cemetery 1 and 2," or simply the "old" and the "new" cemeteries.

Search Continues For Missing Plane

A Los Angeles County Sheriff's Aero Squadron helicopter today searched the Mt. San Antonio area for a small plane piloted by Mr. and Mrs. Richard G. Hill and missing since Saturday night on a flight from Palm Springs to Ontario.

Capt. Sewell Griggers, pilot of the search copter, said weather conditions were good for the first time since the plane vanished.

Drags Heels

Winter to Leave Token Reminder

By UNITED PRESS
Winter dragged its heels into its last full day today, kicking up token snow flurries and rain, but apparently weary by its severe exertions during the past three months.

The arrival of spring Thursday at 7:06 p.m., p.s.t., gave winter the better part of the day to prepare its unannounced leave-taking. But there would be no flowers—winter itself had taken care of that by holding back nature's calendar about two weeks.

FADING WINTER strength was noted across the nation today as precipitation dwindled to widely scattered snow flurries and showers.

The U. S. Weather Bureau noted that the sole exception to the weakening trend was a distur-

Congress, Ike, Army Take Multi-Billion Dollar Action to Stem Recession, Make Jobs

TOM PENDERGAST, holding book, was re-elected Chamber of Commerce president for the third consecutive year on a strong platform for incorporation, after a strong opposition group was formed in the community of North Palm Springs. Howard Stone, left, backed the movement for incorporation, along with Dick Maher and Joe Kelley (Kelley won the post of vice president for the third year). More than 200 persons were present at the session, with the election only the preliminary skirmish in what appears to be a battle until incorporation is put to a vote. (Desert Sun Photo.)

OPPOSING THE incorporation platform of Tom Pendergast and his backers, Harry Anderson, center, talks with Art Hoffman and Milford Goodwin of North Palm Springs. The opposition to incorporation gathered all the forces they could to "get Pendergast out of office," but he held the seat by an eleven vote margin. Both sides charged the other with "buying votes," and a Chamber of Commerce Pot-luck supper turned into one of the biggest community meetings in the history of the small unincorporated area. Housing Bill On Way to White House

Defense Contracts,
Public Projects
Other Measures

WASHINGTON, AP — Congress and the administration took multi-billion dollar action today to stem the recession and make jobs. These were the fast-breaking developments:

THE HOUSE PASSED and sent to the White House a \$1,850,000,000 housing bill designed to create 500,000 new jobs by adding a hoped-for 200,000 houses to those which otherwise would be built this year. It was the first major anti-recession bill completed by the Democrat-controlled Congress.

The Army announced it will place about 100 million dollars in defense contracts almost immediately with the depressed auto industry. Nearly all the job-making contracts will be for production of military trucks and trailers in such hard-hit states as Illinois, Indiana, Michigan, Ohio and Pennsylvania.

PRESIDENT EISENHOWER loosened the treasury's purse strings in an effort to speed job-producing work on \$2,255,000,000 worth of public housing and rural electrification projects.

The work, financed at least in part by federal loans and grants, includes sewer and water projects, college and general housing, slum clearance and electrification.

THE HOUSE PASSED and sent to the White House a resolution written by the congressional Democratic leadership urging the administration to speed up construction of military projects for which money already has been voted. The resolution was passed by the Senate last week.

It referred to nearly one and a half billion dollars already appropriated but not yet spent on defense construction projects, including 460 million dollars earmarked for "distressed" areas of greatest unemployment.

THE PRESIDENT arranged a meeting with a governors' committee to discuss the administration plan for extending state-administered unemployment compensation payments.

The action came as a Labor Department official told Congress that the number of idle workers exhausting their unemployment insurance benefits would probably rise sharply in April and May.

Merchants Group Supports Fee Doubling by City

The Retail Merchants Association unanimously supports the proposed plan of the Chamber of Commerce directors to double the cost of city business licenses to provide funds for convention hall facilities and promotion. It was announced today by George Beebe, Jr., president of the association, after a meeting of the Advisory Committee.

Beebe said that the Retail Merchants would urge the City Council to favorably consider the proposal which they believe to be the most equitable means for raising funds for the project which would bring additional business to Palm Springs.

Other matters on the agenda included a report by Beebe that the Census Bureau will continue enumerating the local residents until Friday, and all merchants are requested to be sure that their employees have been included in the count because of the importance of the matter to the Village.

Army to Draft 13,000 in May

WASHINGTON, AP — The Army will draft 13,000 men in May, the Defense Department announced today.

Thus is the same monthly figure set for draft calls since February.

North Palm Springs C of C Vote Turns Into Incorporation Battle

By FRED C. WEIGEL
A hot issue, North Palm Springs' proposed incorporation, got its big test last night when more than 200 people crowded into a small recreation hall to cast their vote in a Chamber of Commerce election, and in a very close vote retained the incorporation proponents who promised to continue the fight to incorporate the town.

Starting out as a regular meeting and pot-luck supper of the North Palm Springs Chamber, the meeting reached a fever pitch about 8 p.m., when a group for the overthrow of the powers in office entered on the scene and proposed Harvey Anderson, owner of the Tramvay Trailer Park, as a reform candidate.

TOM PENDERGAST, for two years leader of the unincorporated community and backer of the incorporation move, also was nominated for president and the nominations were closed.

Scores of vague charges were voiced against both factions of "buying of votes" or the "threatening of voters," but it was apparent that both sides had been working hard because the membership of the little chamber had been increased to almost four times its size in the matter of a short period of time.

AS THE VOTES were cast, the voter's name was checked off a roster, and only "paid up members" could mark a ballot.

El Centro Man Killed by Cave-in

EL CENTRO, AP — The cave-in of an excavation for replacement of a sewer pipe joint Tuesday claimed the life of Lester Morris, 60-year-old El Centro city employee.

Morris was buried beneath nearly a ton of dirt while working in the excavation. It took co-workers and volunteers about 20 minutes to uncover the victim's body.

CIRCUS APPEALS FOR STATE FLAG OF HONORED TEXAS

An urgent plea was made today by the headquarters of the Palm Springs Desert Circus Association for a state flag of Texas. Co-Chairman Mac McDonald in establishing Circus headquarters, suddenly realized that the Lone Star state flag was a necessity in view of the theme of Desert Circus, "Palm Springs Salutes Texas."

Anyone knowing the whereabouts of a Texas state flag in the area is asked to contact McDonald at FA 5-6600.

On a ping-pong table top, resting on a pool table, the election committee counted the ballots for each candidate one at a time. Pendergast was returned to office with a vote of 81 to Anderson's tally of 70.

THE SECOND OFFICE of vice president also was contested, with incumbent Joe Kelley receiving 74 votes compared to reform candidate Harold Case's 53.

In the audience were proponents of the North Palm Springs incorporation, who have shown interest in the proposed gambling casino

HOPE DEFINES VODKA AS ALCOHOL RUB ON INSIDE

MOSCOW, AP — Comedian Bob Hope told Soviet Minister of Culture Nikolai Mikhailov today that "Russian vodka is an alcoholic rub on the inside."

He diplomatically declined to prolong his stay in the Soviet Union because he said he had been eating too much since his arrival.

"Food together with vodka is a powerful combination," he told the minister. Hope is in Russia to film television material and plug his latest movie "Paris Holiday" to the Russians.

Mikhailov was trying to urge Hope to stay on in Russia for the Georgian Music and Drama Festival due to open in a few days.

Tonight Hope will present a special show for the American Embassy personnel.

Case Closed

'The Body' Admits Lying About Karl

LOS ANGELES, AP — The Marie McDonald kidnapping case, stirred to new life by the actress' charges that her husband plotted her abduction, was closed today just as it was a year ago.

Authorities put away the records of the case Tuesday after Miss McDonald admitted she lied in Cincinnati, Ohio, recently when she accused wealthy shoeman Harry Karl of setting up her 1957 abduction.

"LET'S JUST SAY I'm retracting them," she said when newsmen asked her why she had made the charges against Karl.

Her admission that the story about Karl was untrue came in a conference with Dist. Atty. William B. McKesson and Police

on the north boundary of the City of Palm Springs. Also seen working hard for the incorporation candidates was John Krysiak, owner of the industrial center at Indian Avenue and San Rafael Drive.

Louis Lenzer, owner of the land on which the Silver Palms Social Club is located, was present at the meeting, but stayed in the background watching the proceedings.

ON ARRIVING AT the scene, this Desert Sun reporter found small groups of men and women standing outside the building discussing the trend of the voting, and others moved slowly through the crowd inside the building discussing the pros and cons of the election.

Aside from occasional loud shouts between friends, the election was orderly. Neither side made any charge that the election "was fixed" nor inferred that it might have been, but several (on both sides) indicated that "new members had been conscripted to get out a big vote."

AFTER BEING elected Pendergast said, "I thank you for the faith placed in me—I will not let you down. I am out to build a City of North Palm Springs for us." His short, but to the point "thank you" was greeted by heavy applause and whistling.

After the election for president was won by the incorporation proponents, a few people left the meeting, and it was noted that

some 25 less persons cast a ballot for vice president than did for the presidency.

THE OPPONENTS to the incorporation made it clear that they were not ceasing their efforts to stop the incorporation of the small town. They indicated that they would ask Palm Springs for help, and said that they would "get all the help they could to beat it."

The Chamber secretary-treasurer for the past two years, Gerald Devers, was unopposed for the office and was unanimously re-elected.

Felony Charge Reduced to 4 Misdemeanors

A legal technicality yesterday saved Dwight K. Liewen from a felony conviction and possible prison sentence.

Liewen, unemployed Desert Hot Springs painter, had been charged with grand theft after he admitted four resort area thefts, involving loot ranging from an electric drill to a diamond watch.

But L. A. Nugent, deputy district attorney, noted each separate theft involved an article worth less than \$200, although the total value for the four reached a considerable sum.

Charges were reduced to four counts of petty theft, since the four separate crimes could not be combined into one felony charge, and Liewen was sentenced on the misdemeanor counts by Judicial District Judge Eugene Thieriau.

He was sentenced to 90 days in jail, with 60 days suspended, on the first count, handed 30-day suspensions for each of the remaining three counts and placed on probation for one year.

Vyola Olinger Renamed Tribal Council Chairman

Vyola Olinger, chairman of the Agua Caliente Tribal Council, yesterday polled 21 of 25 votes cast to be re-elected to the local Indian post for her third term.

Three votes were cast for other tribal members, and one vote was disqualified because of the first name of one member and the last name of another being written on the ballot.

TWO OTHER MEMBERS were re-elected to the council, LaVerne Saubel and Dora Joyce Prieto, each to a one year term.

There were 25 votes of a possible 28 cast in yesterday's election, and each member of the tribe is eligible to run for the council. They are elected by popular vote. Close to the leaders was Priscilla Gonzales, who got only 3 votes less than the lowest winner.

MRS. OLINGER will start her third two-year term as head of the Agua Caliente. She became chairman in 1954 for the first time, and served on the council for three years prior to that time.

The Palm Springs Band of Mission Indians is the only council in the United States with an all-woman council, and the vote was even more decisive this year when it was reported that not one man in the tribe received a vote.

McGuffey Wins

Assembly Vetoes New Textbooks

SACRAMENTO, AP — The Assembly tackled the water and education issues today after finally deciding against giving 90,600 state employees a pay raise.

Debate was scheduled on a proposal to add to Gov. Goodwin J. Knight's budget \$76,500,000 for water projects and a renewed effort to boost the spending program by another \$700,000 to buy some much-criticized science textbooks for first, second and third grade students.

THE TEXTBOOK issue was fought out Tuesday and matched those who favored old fashioned educational methods against advocates of progressive or modern education.

Believers in the McGuffey's Readers and the methods used 20 years ago won out in their first round battle over defenders of current educational methods used in public schools.

ON A ROLL CALL of 47-26, the lower house voted against adding \$800,000 to the governor's 2-billion dollar budget to provide science textbooks in the first three grades.

Assemblyman S. C. Masterson (D-Richmond) read excerpts from the proposed new textbooks and then read portions of an old McGuffey Reader.

"THE OLD BOOKS taught a moral and they taught children how to read," he said. "But these new textbooks are an insult to the intelligence of a 6-year-old child."

Masterson pointed out that the proposed new science text for second-graders contained a vocabulary of only 118 words. He then produced a tattered copy of a second-grade reading text used 20 years ago which he said had a vocabulary of 2,220 words.

"I don't even need to ask you which book is best," he said.

Navy Conducted Secret Search For 'Lurking' Foreign Submarine

SAN FRANCISCO — The Navy conducted a secret three-day search last weekend for what might have been a foreign submarine lurking off the California coast.

The Navy said the search for the "unidentified underwater object" had negative results.

The Navy rushed 11 destroyers from San Diego to take part in the search. Also taking part were the submarine Diodon, the destroyer escort George, the Coast Guard cutter Greham; the mine hunter Waxbill; three squadrons of patrol bombers from the Alameda Naval Air Station and two squadrons sent from Los Alamitos near Los Angeles.

The search ended Monday night after the ships and planes had scoured 225 square miles of ocean.

If they had found the unidentified object to be a submarine, they had orders to fire signal charges asking it to surface.

Rider Endangers Visitation to Famed Canyons

An 11-year-old horseback rider and visitor in Palm Springs, yesterday nearly set off a set of circumstances that could have caused the closing of the famous Palm and Andreas Canyons to visitors, after she ran a young calf to its death.

The calf, was one of a few registered herd of stock brought to the mouth of the canyon by Agua Caliente tribal member Cruz Siva, "to get them away from the rest of the stock."

The rider chased the animal until it died, officials reported.

According to the Bureau of Indian Affairs, an event such as this could conceivably close the canyon to all visitors and riders in the future.

No criminal complaint was brought against the rider of the horse or parents, but the incident was investigated by Constable Howard Poe.

City Checks New Ways to Ease Traffic Block

The City Administration, which believes that the State Division of Highways will again refuse to install signals at the intersection of Indian Avenue and Palm Canyon Drive, this week started looking for other solutions to the dangerous problem at the corner.

One thought was to mark the north bound left for a left turn only from Palm Canyon Drive on to Indian, thereby aiding materially in allowing motorists a chance to get onto Palm Canyon Drive from Indian.

The state will allow the city to put in their own stop signals, but it will cost the city about \$12-13,000 for installation, plus maintenance.

Sugar maple, the source of maple syrup and sugar, also provides useful wood. Abrasion-resistant and capable of taking a high polish, it is prized for bowling alleys and ballroom floors.

City to Delay Annexation Filing On Section 30

The filing of the annexation of Section 30 on the southeast corner of Palm Springs, will be delayed for about two weeks to facilitate the coming Sewer Bond election.

City Manager Robert W. Peterson notified the City Council this week that it was either delay the filing of the annexation with the Secretary of State or set up new polls for the bond election.

The annexation was scheduled to be filed about April 14 and will now be held off until May 1.

The City Council also indicated that merchants in the area, who do not already have city licenses will not have to get them until the next fiscal year. Billing on the 1958-59 business licenses will be started in May.

According to the city manager, Palm Springs will grow by 29 new businesses when the annexation is completed. He reported that 17 of these are paying fees to the city or county, and that 12 do not have a business license.

Drexel Opens At Moulin Rouge

Singer John Drexel, a Palm Springs native, opened a new show at the famed Moulin Rouge on Hollywood's Sunset Strip this week.

Drexel, who attended Palm Springs schools before entering show business, was last featured at the Desert Inn in La Vegas with the Betty Grable Show.

The talented young singer is known here under his off-stage name, Johnny Downs.

The International Federation of Agricultural Producers reports the spiced cigarette industry is failing in Indonesia because the price of cloves is too high.

Chief foreign buyers of U. S. farm exports in fiscal 1957 were, in order, United Kingdom, Japan, West Germany, Canada, Netherlands, Italy, Belgium, France, and Cuba.

Completed County Charter Presented to Supervisors

A proposed county charter to be voted on by Riverside County voters at the June 3 primary election has been completed and turned over to the county auditor and county clerk, Fred Eldridge, chairman of the Board of Supervisors this week.

The supervisors voted unanimously to order publication of the charter in a daily newspaper, starting "not sooner than April 15."

THE COMPLETED Charter offers the tools for an efficient, modern government for this county," said Eldridge. "We started with a dog fight but wound up with one of the greatest love feasts ever seen in this county."

Supervisor Paul Anderson, as chairman of the Board of Supervisors, expressed appreciation of the work of the Freeholders and the fact that only \$6,000 of the \$10,000 budget provided for the work was used.

COMMENTED DR. Richard Brill, a member of the Board of Freeholders, "We had 15 members with the widest variety of viewpoints of government philosophy that could be found. The Charter is not what any one member of the board would have written, but we were able to get together enough so that each one of us feels that the Charter contains his contribution to county government."

Highlights of the Charter pinpointed by Eldridge are as follows:

INCLUSION OF the position of administrative officer in such a manner that the position can be abolished only by a vote of the people, but any person occupying the position may be discharged by a majority vote of the supervisors. Establishment of a Merit System with a personnel board to hear complaints but without the rigidity of civil service.

Economists Agree Government Has Three Major Weapons to Use in Fighting Inflation

By LOUIS CASSELL
United Press Staff Correspondent
WASHINGTON — Professional economists agree that the government has three major weapons with which to combat a recession.

They are: 1. monetary policy; 2. increased federal spending; and 3. tax cuts.

fluctuating viewpoints on anti-recession strategy is based on separate interviews with government private economists. Among those consulted were staff economists of the Chamber of Commerce, the AFL-CIO, the Joint Congressional Economic Committee and the Federal Reserve Board.

THE FEDERAL Reserve Board has broad powers to raise or lower interest rates, to expand or contract the amount of money banks have available for lending. When it is fighting inflation, as it was until last fall, the board pursues a "tight money" policy. When fighting a recession, as now, the board relaxes restrictions on borrowing, makes credit cheaper

and more readily available to business.

ECONOMISTS AGREE that this is the most flexible weapon in the government arsenal. It can be used quickly, without special legislation. It can be thrown into reverse on short notice. But there is controversy over just how effective it is.

Everyone agrees that the federal budget can have a great impact on the economy. In times of inflation, the government can blot up excess purchasing power by taking in more than it spends. In times of recession, it can pump money into the economy either by increasing spending or by reducing taxes.

THE ADMINISTRATION already has moved to increase spending for military procurement, highways and post offices. In each case, the increased outlays are primarily a matter of speeding up existing programs—of spending sooner and faster on things that the government planned to do anyway.

Some economists believe that this speed-up should be supplemented at once by other public works—new projects that were not previously scheduled for construction. They argue that such projects directly relieve unemployment by opening up new jobs, and indirectly stimulate the whole economy because the projects require vast amounts of steel, ce-

ment, and other products and the men put to work use their pay to buy products of other industries.

THERE IS GENERAL agree-

ment that a tax cut is a quick and effective way of releasing additional purchasing power in the economy.

Spring Wildflower Show Is Outstanding Feature

Started a few years ago as a small and spontaneous community celebration, the annual Spring Wildflower Show at nearby Desert Hot Springs has grown into one of the outstanding attractions of this colorful season in the desert region.

Scheduled for March 29 and 30, this year's event has generated wide and favorable publicity for the entire desert area, and indications are that it will be a record breaker in every respect, attracting thousands of additional visitors to behold the multi-hued carpet of nature's beautiful handiwork on our desert sand and slopes.

Already a favorite with painters, photographers and the initiated who enjoy viewing the indescribable glories and beauty of the spring wildflower spec-

tacle, such displays, exhibits and informative educational programs offer a fitting observance and appreciation of our most wondrous desert season.

The enterprising city of Desert Hot Springs and its energetic civic leaders who originated and are working so earnestly for the success of the annual Wildflower Show are deserving of congratulations for their fine endeavor from every part of our flowery desert.

Palm Springs joins with all desert lovers everywhere in warm and full-fledged support.

It is our fervent hope, and belief, that the unique and appropriate floral celebration will succeed with increasing popularity in each of the years to come, and one day will be recognized as an event unduplicated or unexcelled throughout the nation.

Does Our Softness Betray Us?

WASHINGTON, D. C.—How to judge men and measures? When a thief mugs a defenseless old lady and snatches her purse, but then goes home and kisses his mother—is he a bad guy or a good guy?

When our American foreign policy stuffs money and food through the bars of the Soviet slave state in an attempt to buy friendship in Poland and Yugoslavia but then offers a reasonably sound loan to neutralist India—is this policy to be judged as unbecomingly soft or as amiable and humane by the second act?

WHEN OUR LABOR movement in the auto industry under Walter Reuther behaves like a prewar Brown Shirt political action group, but in the garment industry David Dubinsky behaves like a genuine trade union for the betterment of wages and working conditions—is labor deserving of more power or less power in our American community?

Only the sentimentalists, the globalists, and the party liners, will answer up for the purse snatcher, aid-to-Communism and Walter Reuther. But this ill-mixed trio of handicapped thinkers are with us always, both in government and in the general population.

A WHOLE SEGMENT of the medical profession, backed by a whole segment of tear-jerking publicists, has concentrated on "humanizing" our criminals. One result, and not the only one, may be read in the uniform crime reports put out annually by the FBI.

Our criminal class grows faster than our population, and it is the only population group with such an increasing accent on youth. Boys and girls for a quarter of a century have been learning from drug store psychiatry that they are behaving like human beings when they give anti-social responses to repressions, maladjustment and unsympathetic parents.

ANY CRIMINAL who can follow print with his finger or can turn a radio-television dial will find prearranged excuses for whatever dirty work he does against man or beast.

You find the same slice of half-baked sentimentalism in foreign and domestic policy. The \$225 million grant to India makes a lot of sense if viewed as an isolated act of world diplomacy. It is nonsense to look upon a neutral nation like India as an enemy. Premier Nehru has showed both intelligence and a high sense of propriety since he took over this ex-colony which is struggling to become both a true democracy and a true republic.

IT'S TOO BAD that from 1912-1953 the USA didn't develop leaders with enough sense to send only ambulances, as Nehru did to Korea, in stead of cannon fodder into other people's wars. And we would have much less against World Communism if it had paid for its specialized industries and had tolerated its critics with the same even-handed honesty that Nehru has shown.

Actually the \$225 million economic aid to India is made up of \$150 million loan by the Export-Import Bank and a \$75 million advance by the International Cooperation Administration. This fund will probably do more good to more people for more years in India than anywhere else on earth.

BUT THE INDIAN loan is comparable to the footpad who comes in from a night of debauchery and gently kisses his waiting mother. The foreign aiders, both sentimentalists and One Worlders, have just finished paying tribute money to Communist Poland and Yugoslavia in the hope that these

governments can be made fat, happy and less Communist if their stomachs are filled.

It's too bad the late Senator Taft isn't around to use his nasal adjective, "Ridiculous!" to this reasoning. But Senator Bridges (R., N.H.), has been doing all right. As the senior Republican and chairman of the potent GOP Policy Committee, the Senator speaks with a certain Taftian authority.

Bridges now predicts that the Administration's foreign aid request for nearly \$4 billion will be harder than ever for Congress to swallow this year.

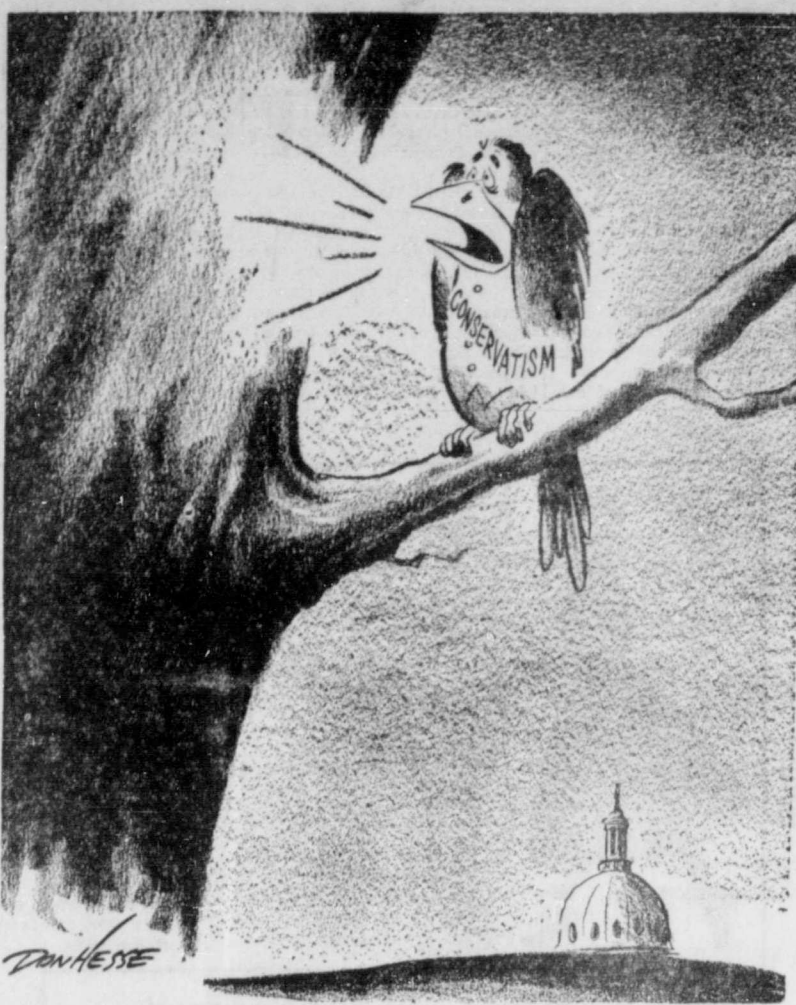

AS LAW OF THE land since 1947, the Taft-Hartley Labor Relations Act has withstood every assault by the infuriated union bosses. This T-H stability has been possible for one reason only—the rank and file of union membership have supported the Law because it protects their interests from labor bosses and management tyrants alike.

But in the Kohler strike investigation by Senator McClellan's committee, the general public is called upon to tell the difference between labor leadership and labor bossdom.

THE SAME KIND of flabby intellectualism which puts the head of the off-duty burglar and applies the Share-America philosophy to friend and foe around the world will insist upon looking at Walter Reuther as the little friend of the working man. Let's hope that other observers make better sense.

Well, among our problems of mid-century living we have these three—the growth of crime, the growth of taxes to the confiscation point, the last labor monopoly called AFL-CIO with a red-headed leader and a growing practice of winning the tough cases by force and violence. You don't solve such problems by softness. —Holmes Alexander

No Answer to the Mating Call Anymore

THIS SIDE of The Sun

By Don

Phat today is ill.

Not available.

So it's up to Don

To write this poem.

(As Phat would say, a rhyme like that is an Editor's prerogative.)

This is one of those rare occasions, when This Side of the Sun isn't written by the 10 o'clock walker. Slight illness caused by the Long Beach climate has kept him in that city.

Am prepared to answer Long Beach critics of that statement, even when they point to the pictures in yesterday's Sun of roads being flooded here over the weekend. For it took two photographers to find these isolated cases on desert roads, whereas an inch of rain in the beach city produces flooding right on city streets.

Besides, Long Beach doesn't have desert wildflowers.

AND RIGHT NOW that's one of our claims to fame.

Noticed quite a few cars driving on the out-of-the-way roads last Sunday, doing the same thing I was doing—checking nature's generous outpouring of beauty.

Shutterbugs were there too, focusing on one tiny bloom or taking in the whole field.

Also saw where a few litterbugs had been.

WOULD ADVISE taking a trip out into the Wildflower areas (almost anywhere, as the news will soon hit the metropolitan areas, where this will seem like the little wonder of the world (Palm Springs is the eighth), and the highways and byways will be crowded like the freeways.

But if you do wait too long, and don't wish to become snarled in traffic, then mark March 29 and 30 on your calendar, for those are the dates of the second annual Wildflower Show at Desert Hot Springs.

THIS USUALLY is as far as Phat gets with his daily column before he pauses and stares blankly at me. Just tried, glanced at Fred Weigel and Al Leunce—Nothing. Looked at Rita Darwin, well...

Rita even smiled at me. She just came over though and asked if she could leave at 4:15 to get a permanent, so that explains why.

RETURNING TO the rain (even at the risk of being boycotted and shunned by the Chamber of Commerce), noticed one enterprising person while driving on Ramon Road.

The water flow there was less than on Rio Del Sol or Wonder Palms, but at the side of the road sat a tow truck with the driver waiting for someone to become stalled in the middle of the stream. Don't know how much money he made, but have a hunch it wasn't a Chamber of Commerce sponsored venture to gain good will from our visitors.

And, seeing that Phat carefully hides the books from which he steals his closing quips will have to close with:

HAPPY SUNSHINE TO YOU

STAN DELAPLANE'S Postcard

The April breeze is just around the corner. And the breath of the tax man is war on our necks. Can you remember when deduction meant nothing more than a smart wrap-up by Sherlock Holmes?

MY TAX PROBLEMS—no one nobody ever refers to taxes except as problems. Well, my tax problems are as simple as all get out. For the simple reason they are done by somebody else.

For a simple problem, what complicated questions they ask! "What is this item?"

"THAT ITEM?" I said. "Well, it is an item I spent. Probably in a good and worthy cause. No point in quibbling. It is spent, that is the point. I do not regret it."

"You must have a reason," said the tax man kindly. "It is not enough to spend. The Federal bagmen want a story with what does the notation J. J. indicate?"

"Ju-ju beans?" I said helpfully.

"YOU ATE \$42.99 worth of ju-ju beans?"

"Maybe I had guests," I said sullenly. "Now that I think of it, I think J. J. refers to jujitsu. I was planning to take a course in jujitsu and..."

"What did you spend the money for?"

"I cannot remember. Sometimes I run out of paper and make notes on my checkbook. It has nothing to do with what I spend money for. It is simply a convenient place to keep notes."

"YOU SHOULD KEEP such records," said the tax man sadly. "Likewise receipts. Such things impress the bagman. They prove you are an honest citizen and a pillar of the community. Also that you are not fudging."

Well, if I kept all the records demanded these days, pencils would be ground to a nub. Nowadays we must keep a

three-deck checkbook. And also a ledger to prove we are not cheating the checkbook. Check and double-check.

"TAX MAN," I said. "In more simplified days, I did not even keep a checkbook. For the simple reason that I cashed my check into cash across the street."

"The man across the street kept track of my deductions. I gave him my check and he deducted what I had run up on the cuff-off during the week."

"The tax people grabbed a handful before I got the check. Therefore, when the 15th of March rolled around, I simply filled in the short form and sent it back with best regards."

"AII," SAID THE tax man, "you are now in a higher bracket."

"How do I get out?"

"It is not a problem of getting out of the bracket," said the tax man scribbling down his figures. "It is a problem of keeping out. And by that, I mean keeping out of the old slammer."

"Once you are in the bracket," he said, "you are only one jump ahead of the Johnny Nabs. You must keep luncheon receipts, dinner receipts. And if you tip the waiter a skin, you must not put down a skin and a half. It is the honor system. But Big Brother is watching you."

"BUT I DO NOT have eating receipts," I cried. "It stands to reason that I have been scoffing regularly, tax man. Else I would be skin and bones."

"The Federal do not take such flimsy excuses," said the tax man. "You might be cutting in on the dog's food and putting down Cereals Suzette at the Pavillion. When all the time you were on Dr. Ross."

"Is there no trust left in the world, tax man?"

"Why, yes," said the tax man. "Your Government trusts that you keep honorable records. And just to be sure," he said, "they would like to take a peek at them."

"Obviously, there's something wrong with the school!... My child's in third grade and from his behavior you'd never know he'd been outside the home!"

EARL WILSON:

How Sherry Lost a Millionaire

NEW YORK—When Sherry Britton, the stripteaser, announced she was divorcing her singer-husband and was back.

"Do you remember when Sherry darn near did marry a millionaire—and why she didn't?"

"Oh, you mean —!" the Barefoot Wife slurped over her vichyssoise, while telling Scratchy, our monkey, that he couldn't have any, and be a good boy.

Bob—as I'll call him—was a real millionaire... handsome, young, social, well-educated. I wrote about the romance at the time. Frequently... But Bob's happily married now.

I guess Sherry caught his eye—as she caught a few million eyes—when she was World War II's prettiest pinup. The guys looked at her picture and decided that America was well worth fighting for.

Bob got to coming into Leon & Eddie's on furloughs.

You remember that old strip-teasers' line—"Men don't like me for my mind but for what I don't mind?"

It was different with Sherry. She read books, babbled French, aspired to the legitimate stage—and had a good reputation.

Having been a stripper since she was 13, when she went into it to help out a lot of family, she'd known guys like Bob, and she had an allergy toward men with money. She was haughty—which doubled Bob's interest. She would never let him come into her apartment, where she said she lived alone.

"She's probably got a guy stashed in there," suggested one of Bob's Ivy League pals, dorkily.

Sherry found, however, that Bob was a wonderful boy and so one 4 a.m. after supper at Lindy's—following her return from a tour—she was going to let him come in and propose.

As she turned the key in the lock and opened the door, they both heard a familiar sound—a shower turned on full blast.

"Hey, who's in there!" Sherry called out a few times. Bob, who'd been in a kidnap scare and had received permission to carry a gun, had whipped it out.

"Ohhh h h h, I know... it's my

uncle!" Sherry laughed. "He sometimes stays here when I'm down in Miami that he would divorce her singer-husband and was back."

"Your uncle!" screamed Bob, returning the gun to his pocket. "You got some fellow in there like everybody said! Goodbye!" And he slammed out of the building and Sherry's life.

Uncle Bernie's been getting his showers at the YMCA ever since. THE MIDNIGHT EARL...

"Too bad Frank Sinatra and Lauren Bacall are going to spoil a beautiful friendship," cracked a B'wayite, reading the latest marriage rumor. (Their chums shrug off the report. One of F.S.'s brain trust even said, "No, No!")

Hugh O'Brian is the attraction, or distraction (Sabrina flew to L.A. to rejoin him, not only Steve Cochran)... Ex-Ambassador Clare Boothe Luce whipped out a 140-page revision of her first play in years while vacationing in Phoenix...

The Harwyn's Ed Wynn partied the Latin Quarter chorines starting at 2 a.m. Pat O'Connor admitted she has two millionaires, one who "keeps me swimming in champagne," the other who "keeps my apartment looking like a botanical garden."

Sugar Ray Robinson closed his Harlem bar till after the Basilio fight... The Price is Right (11,000 requests a week) replaced the Perry Como show as TV's hottest ticket... Marion Marlowe's quilting Cadence Records, owned by another ex-Godfreyite, Archie Bleyer... Kim Novak didn't like the reaction to her first record, won't do another... Pretty model-actress Claudia Hall married actor Wild Watson.

George Liberace will tour the cafes, presenting revues... Marlon Brando visited the F.A.O. Schwartz toy store to look at teddy bears... Agent Charley Rapp signed \$250,000 worth of comics for the coming Catskill resort season... Clark Gable says he and his wife'll tour with his new film "Teacher's Pet"... Latin 1/4 showgirl Lella Burgess' g/f from her boy friend: A new Caddy.

EARL'S PEARLS: An optimist's fellow who shrugs and says that, oh well, one thing about baldness is that it's neat.

WISH I'D SAID THAT: Robt. Q. Lewis notes Central Park is so dangerous after dark that even the muggers travel in pairs.

MIKE CONNOLLY:

Lamour Claims 'No Sensation'

HOLLYWOOD.—Dorothy Lamour is writing her life story—from elevator operator at Marshall Field's in Chicago to movie star. Its modest title: "I Was No Sensation."... Columbia ordered a remake of Irene Dunne's old hit, "Theodora Goes Wild," for Judy Holliday.

Susan Hayward, now a dyed-in-the-wool Georgian, didn't sell her San Fernando Valley home after all. She swapped it for a gas station... Anne Baxter calls the new mink coat she just bought herself "Beulah" for Beulah Land.

COMES THE CUBAN revolution or goes it, Annie (Get Your Gun) Miller is going to the opening of the new Havana Hilton Hotel... Esther Williams will queen it at the Wilmington, Del., Azalea Festival and Scott Brady will king it... Esther's swim ming pool construction company, incidentally, just got an order from Anchorage, Alaska, where it's 35 degrees below.

Songwriter Matt Dennis submitted one of his new ballads to Frank Sinatra: "I Got Into Hot Water in Coldwater Canyon That Lukewarm Night in June."

SURE ENOUGH, a moviegoer called a theatre to ask what time "Guv'ny" goes on—so maybe Alan Lerner and Fritz Lowe were right in insisting M-G-M title it "The Parisians" instead of "Gigi"... Or maybe "Geegaw?"

Noel Coward answered the Sovereign State of California's motto "Bring Me Men to Match My Mountains"—by bringing his phenomenal self to Hollywood in two stage plays, "Present Laughter" and "Nude with Violin."

I CO-CONDUCTED the telecast interviews with Nina Foch from the theatre lobby at Coward's opening and Hermione Ginzold took over as our Girl Friday.

Through-Friday to describe the ladies' gowns—but couldn't find words to describe starlet Yvette Vickers' answer to the Sack Look: a slit-up-bustle sheath that showed most of Yvette.

Zsa Zsa Gabor took a happy pill and kept scolding herself with Balenciaga No. 10 while her sister Eva strutted her strictly sensational stuff onstage with Coward.

ZSA ZSA THREW an after-theatre party for Coward & Co... Where Van Johnson thought he felt an earthquake—but it was only a waiter dropping a trayful of French 75s...

Mutual Admiration Alcove, same address: Jack Benny, Johnny Mathis, Lauren Bacall, Roz Russell. Another actor swallowed a

drink down the wrong pipe at the Gabor party and almost strangled until somebody clapped him on the back—whereupon his wife fanged, "I wouldn't do that—he'll keep coughing all night!"

TV TOPICS—Cowboy Dale Robertson played hooky from his Wells Fargo series to study The Master's cowboy capers on the "Man of the West" soundstage, and I do mean Gary Cooper... Carolyn Jones will have a good part in "The Last Angry Man." Her husband, Aaron Spelling, is writing it.

The Ritz Brothers' bookings for 1959 will carry them All the Way, from Tel-Aviv to Tipperary... Jack Benny and Danny Thomas, old grads of the University of Don't-Put-Off-Till-Tomorrow, have already signed to swap guest shots next season on their respective teleshows.

Irene Ryan says she isn't worried about getting acting jobs: "I can always work steady playing the organ at David Street's weddings."

CBS NIXED A NUDGE from the National Association for the Advancement of Colored People that the net scratch the word "darkies" from "My Old Kentucky Home," "Carry Me Back to Old Virginia" and "Old Folks at Home" whenever these songs are sung on CBS shows.

The NAACP considers the term "darkies" offensive, as well it might. The word has already been dropped "O! Man River." Hollywood's KTLA goes modern with a vengeance next month when it acquires and utilizes a helicopter-borne remote unit capable of transmitting both sound- & picture without ground connection, for hourly on-the-spot telecasts of important news events. So what else is new?

DICK POWELL is pushing Van Johnson to top-line an adventure teleseries for Four Star Productions next season. If Van likes the scripts and decides against starring in a stage show, "The Ghost Goes West," he'll do it.

Adolphe Menjou, who has run the show-business gamut from silent movies to TV during his 45 years on the cap-&-bells kick, says the impact of TV is far more phenomenal than that of the movies—silents OR noises! Furthermore, says Adolphe, who hosts a new anthology series titled Target, we ain't seen NOTHING yet!

I asked Mexican actress Katy Jurado if Mexico has developed new TV trends similar to our Western outbreak. Quipped Katy: "SI—the craze is now for adult bullfight shows!"

Dear Abby...

DEAR ABBY: There are plenty of laws to protect innocent girls under 21 from the unwelcome advances of men. But how about protecting young boys under 21 from the bold and tempting invitations of older women? My son is 18 and he attracts older women like a magnet. He's been a lifeguard for two summers and he's got a build on him that makes stranger (women) ask to have their pictures taken with him. I want him to keep his mind on his studies, but he gets so many calls from women he can't. Isn't there anything I can do?

WORRIED MOM

DEAR MOM: A lifeguard knows that no matter how good a swimmer he is, he should stay out of troubled waters. Women older than himself are too "deep" for him. Explain it to him, or let his father do it.

DEAR ABBY: I am a waitress in a cocktail bar and my boyfriend is the bartender. He is Irish and just "bout as jealous as the average Irishman, so he watches every move I make. I can't even smile at the customers and you know how such a sour puss waitress can get in tips in a bar. It's getting so I hate to come to work nights. Got a solution? Don't tell me to quit because I need to work.

CHRIS

DEAR CHRIS: That's not the only job in town is it? Take MY tip and work elsewhere.

DEAR ABBY: My problem is a husband who refuses to stop writing letters to old sweethearts (married and single). I went to a psychologist because I was upset over it and that psychologist gave me so much double talk I am more confused than ever. He backed my husband up and said it was only an "innocent pleasure that doesn't mean a thing." But I can't see it that way. When my husband takes me in his arms I never know who he is thinking of. Please set me straight.

CONFUSED

DEAR CONFUSED: Your husband has no business corresponding with "old sweethearts" (married or single) if it's an "innocent pleasure" that doesn't mean a thing, he shouldn't object to cutting it out.

DEAR ABBY: I am a girl 15 years old and I go with a boy who was just 16. He has a driver's license and I KNOW he is a good driver. My father won't let me drive with him because he isn't sure the boy is a good enough driver. The boy passed a driver's test out by the State. How can I prove he is safe to drive with without asking him to take my father for a ride. It is very embarrassing.

"JACKIE"

DEAR JACKIE: If the boy has a driver's license and has never been cited for a traffic

violation, I would say that he is a safe driver.

DEAR ABBY: I am 14 years old and we have an unlimited telephone. I call up boys so they won't have to call me. Most of the boys I know don't have unlimited telephones and it would cost them something to call me. My mother doesn't think this is right of me to call them. Please give me your opinion.

JUDY

DEAR JUDY: You may have an "unlimited telephone" but you have limited "privileges" as a young lady. Don't call boys! If they want to talk to you they will be glad to spend the money.

CONFIDENTIAL TO 'SHERM': First find out if there is "something" between them. If there is, put something else between them—as many miles as possible.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped, self-addressed envelope.

SAN ANTONIO, Tex.—Lt. Col. George R. Steinkamp, space medicine expert, on the toll exacted by fatigue on the Bronx airman simulating a flight to the moon: "His answers to problems aren't quite as exact as they were."

Schools Join In Library Week Celebration

Palm Springs Schools are this week participating in the first National Library week with posters and book displays at the new Nellie N. Coffman Junior High School library.

National Book Week, carrying the theme "Wake Up and Read," is designed to stimulate "wider and wider use of books," according to the National Book Committee, Inc.

Posters and displays at the new junior high school library are designed to focus attention on the book week theme.

School officials said that some 600 new non-fiction books have been added to the school district library and 300 new fiction books were purchased for each of the six elementary school libraries.

Two Men Freed After Paying Fight Damages

Two men were free today after paying damages sustained in a fight at a local night club.

The men, Frederick D. Olsen and Frank Anton Althoff, went with a third man to the local club last Friday night and allegedly started a fight after running up a bill for food and liquor. During the fight, dishes were broken, a woman's glasses were smashed, and a wrist watch worn by Detective Carol Vogelhaar was broken. The third man escaped the scene.

They were found guilty in Judge Eugene Theriault's court and were sentenced to 30 days for disturbing the peace, suspended, provided they pay all damages.

America's first philanthropist was George Peabody (1795-1869), for whom the city of Peabody, Mass., was named. He made gifts of more than 12 million dollars during his lifetime.

Idyllwild Starts Publicizing 2nd Bear Festival

Unsuspecting visitors to Idyllwild, in the San Jacinto Mountains this week are under the impression they have arrived in Las Vegas by mistake, as merchants and businessmen of the resort community gave them pocketfuls of uncirculated 1922 silver dollars for change.

President Clarence Bischof, of the Chamber of Commerce of the San Jacinto Mountains, with the assistance of A. K. Bombard, recently retired operating vice president of the Bank of America Clearing House in Los Angeles, distributed 3,000 of the shiny new "iron men" to Idyllwild businesses as part of the publicity for the second annual Idyllwild Bear Festival, to be held on Saturday and Sunday, March 29 and 30.

The Chamber of Commerce of the San Jacinto Mountains is sponsor of the annual affair, which concludes with a barbecue on Sunday of real bear, elk and buffalo meats.

Other attractions offered at the two-day affair include a continuous carnival on the grounds of the Idyllwild Inn; three performances daily of Clark's Trained Bears; three performances daily of Maggie's Marionettes; a "whiskerino" contest; and a Pauline Bunyan sawing contest for the ladies.

Woman's Club Plans Meeting

PALM DESERT — The Woman's Club will hold its monthly meeting on Thursday, March 20, at the Shadow Mountain Club.

Frances Nash Donovan, reader of plays, will make her third appearance before this group of women. Her program is entitled, "Bringing Broadway to You," a unique presentation of one of the new and popular plays. The program will be preceded by luncheon at 12:30.

High Man Low

PLANO, S. D. —(UP)—Albert Judstra scored three points and was high scorer for the Plano High School basketball team. Plano was defeated by Alexandria, 40 to 3, after scoring all the points in the first half. Rodney Poling got Plano's other two points.

DEPUTY SHERIFF Brady Barker helps Pat Doughty with delivery of 3,000 uncirculated 1922 silver dollars to Idyllwild business houses. Prank

SALT LAKE CITY — (UP) — Frank Burt Allen, 21, told City Judge Marcellus K. Snow the theft of a colored telephone from the telephone company office here was only "a fraternity prank," picked up a 15-day suspended jail sentence after telling the judge, "we drew straws — and I got the short one."

Swansons Host Danish Visitors

RANCHO MIRAGE — Mr. and Mrs. Egon Jensen of Denmark, manufacturer of women's wear, on a business trip to the United States, were houseguests of Capt. and Mrs. Arthur Swanson at their Rancho Mirage home.

The Swansons met Mr. and Mrs. Jensen in France in 1948 and became close friends through correspondence. Mrs. Jensen visited with them last year and this is the first visit to the desert for Mr. Jensen. Capt. and Mrs. Swanson drove their guests to Nogales, Ariz., and Sonora, Mexico, returning by way of Phoenix. The visitors were fascinated with the expanse of the desert and the beauty of the many desert wildflowers in bloom.

Mr. and Mrs. Jensen left Monday for Arcadia and will leave San Francisco March 24 by air for Denmark, via the Polar Route.

The United States bought the Virgin Islands from Denmark during World War I as a safeguard against occupation. Purchase price was \$25,000,000.

Drivers Warned To Have More Respect for Law

California drivers must exercise more respect for traffic laws if they are to avoid becoming a traffic statistic, warns the California Highway Patrol.

"The growing number of citations issued by the California Highway Patrol is some evidence of the apparent lack of respect for traffic rules and regulations," declared Patrol Commissioner B. R. Caldwell.

"DURING 1957 THE Patrol issued 909,353 citations, 307,100 of which were for speed violations. The total also included 12,904 arrests for violations of the law referring to driving while under the influence of alcohol.

"An analysis of 88,886 traffic accidents occurring during 1957 in the areas patrolled by the Patrol reveals that 82,630 or 93 per cent of them were charged to traffic violations," Caldwell stated.

"THE EVIDENCE emphasizes the fact that violating traffic laws will eventually lead you to an accident.

"On the other side, due respect for the traffic rules will help you stay out of accident trouble and make it possible for you to avoid becoming a traffic statistic."

Census to Stay In Village 3 More Days

The Bureau of Census will stand by in Palm Springs for three more days to try to bring up the count of Palm Springs residents to nearer what it should be, it was announced yesterday by City Manager R. W. Peterson.

Anyone who does not believe he was counted, and who lives in Palm Springs, should call FA 5-2535 to make sure of being counted.

It was reported by Dick DeLong, administrative assistant, that to date 145 persons have called to have their names checked.

Supervisors Deny Request of Mothers For Bumps in Outpost Estates Road

The proposed creation of bumps in a road in Outpost Estates near Palm Springs for the purpose of slowing down traffic was frowned on by the county's traffic committee this week, and the Board of Supervisors denied a request that the bumps be constructed.

The request was made by a petition circulated by Mrs. Charles Hoffmeier, 32740 Shifting Sands Trail, Palm Springs, and bearing 58 signatures.

The petitioners complained that they had been told at the sheriff's office that the sheriff's deputies cannot issue citations for speeding, told by State Highway Patrol they are undermanned and could not give protection. They said appealing and begging people to stop speeding had been of no avail.

"Nothing is effective that we mothers can do alone," said the petitioners. "We the undersigned want the bumps."

The county traffic committee said "bumping" the roads would create serious hazards endangering motorists as well as the children the petitioners seek to protect, and the county would be liable for any accidents which might result.

The first public weather service in this country was established in Cincinnati, Ohio, in 1869.

Supervisors Agree Over Delegate to Industrial Meeting in Georgia

With the approval of three of the county's five supervisors, Dennis P. Flanagan, assistant manager of the Board of Trade in charge of industry research, will attend the American Industrial Development Council conference in Atlanta, Ga., April 13 through 16.

Opposition was voiced by Supervisors William Jones and Fred McCall.

many excursions out of state," said Jones. "It is just a pleasure jaunt at the taxpayers expense."

In asking that Flanagan's attendance at the conference be approved, George C. Gerwing, manager of the Board of Trade, said he will follow up Eastern industrial contacts, establish working relationships with offices of Industrial Planning Associates and other concerns, agencies and individuals, confer with the Bureau of the Census relative to their

acceptance of county census tracts as designated, and perform other functions as opportunities and occasions arise for furthering industrial development of the county.

"THIS IS PART and parcel of plans of the Board of Trade to get industry to come to this county," said Supervisor Paul Anderson.

"It seems like a good opportunity for Flanagan to make good

contacts," declared Supervisor George Berkey.

Excessive Secrecy in Science Handicapping This Country

By LOUIS CASSELS

United Pre Staff Correspondent

WASHINGTON — Excessive secrecy, imposed on American science by the government, is seriously handicapping this country in the life-or-death technological race with Russia.

This is the unanimous opinion of leading scientists quoted in an official report which will be published soon by the House subcommittee on government information.

THE SUBCOMMITTEE, headed by Rep John E. Moss (D-Calif.), sought the views of Dr. Harold C. Urey, Nobel Prize-winning chemist of the University of Chicago; Dr. Lloyd V. Berkner, radar pioneer and president of Associated Universities; Dr. Detlev W. Bronk, president of the National Academy of Sciences; Dr. Donald J. Hughes, senior physicist at the Brookhaven Atomic Laboratory, and a dozen other prominent scientists.

All of them agreed on two points:

1. THE NATIONAL safety in this nuclear-space age is not primarily a matter of protecting old secrets, but of keeping ahead of the Russians in discovering new ones.

2. The "cross-fertilization" of ideas that leads to new scientific discoveries is being dangerously retarded in America by indiscriminate use of the "secret" stamp and by the "compartmentalization" of research which results from cumbersome security measures.

THE SUBCOMMITTEE report, still in manuscript form, will list the scores of specific examples to document the charge that military and scientific secrecy has been carried to absurd extremes. Here are a few:

—More than one million military and civilian employees have authority to classify documents as top secret, secret or confidential.

—The documents in federal custody which bear security classifica-

tions would fill a file drawer 575 miles long.

—A REPORT ON "silent" weapons, prepared during World War II by a bow-and-arrow expert, was still labeled confidential last month. Officials resisted pressure to declassify it on grounds it might give ideas to juvenile gangs.

—Harvard Library has been pleading with the government for 10 years to transfer, burn or declassify a batch of World War II research papers which are costing the university \$1,200 a year to store. Defense officials recently agreed to send declassification experts to examine the documents—which no one at Harvard is allowed to do.

—THE AIR FORCE employs a scientist who cannot qualify for security clearance but who keeps coming up with brilliant discoveries. As soon as he gets a good idea, it is classified secret and the scientist no longer has access to his own work.

—The Army, Navy, Air Force and Atomic Energy Commission all have different security clearance procedures. A scientist who is cleared by one service cannot consult with a colleague working on the same problem in another service, unless he gets another clearance.

—EVEN IF A SCIENTIST has every type of security clearance possible, he may be barred from access to research results outside of his own unit unless he can demonstrate a "need to know" about them. As one scientist told the Moss committee, "It is hard to prove you need to know something when you don't know that it exists."

Some of the scientists estimated that at least half of the military-scientific papers now classified secret could be made public with no real harm to security. Berkner thought 90 per cent could probably be declassified.

The solution which found greatest favor was some system of "automatic declassification."

20 Per Cent Crime Increase Reported in City

A 20 per cent increase in such crimes as house burglaries, assault and thefts over and under \$50, headed a review of the Police Department load during the month of February.

Drunkenness arrests increased from 29 during the same period last year to 41 this year, and vagrancy arrests from 6 to 15.

CHIEF OF POLICE August G. Kettmann said that this conforms with the trend being experienced elsewhere.

Traffic accidents were up from 19 to 22, and three of these were injury mishaps. Kettmann said that this was a very good showing when the increased traffic load on the community is taken into consideration. In the same category, traffic citations rose from 369 to 533, with 297 being charged to parking violations.

IN HIS REPORT for February, Kettmann pointed out that a time consuming task of serving traffic court warrants was a big factor during the month. Figures showed that compared to serving 9 warrants in February 1957, local officers last month served 54 of them.

Additional evidence of the increased load handled by the Police Department is the increase of prisoners booked, which nearly doubled that for the same period a year ago—107 to 64. For the eight months of the current fiscal year the department has booked 720 prisoners, compared with 504 in 1956-57, an increase of exactly 70 per cent.

THIS ADDITIONAL booking results in increased feeding costs, compilation of records and payment to the county for prisoners sentenced there.

Kettmann reported that officers and clerks in the department worked a total of 438 hours of unpaid overtime. This was compared to a total of 269 hours of unpaid overtime a year ago in February.

Teacher's Philosophy

BENNINGTON, Vt. — (UP) — Miss Annie Dakin, 81, celebrated her 48th year of teaching with this declaration of her philosophy as a teacher: "Blessed are they who thirst after a knowledge of how to direct rather than suppress spontaneous activities of children. Then shall they have happy, content, and well-behaved children." Miss Dakin began teaching in 1895 and has been at the Cora Whitney School for 45 years.

INTO THE VAULT goes the diamond-encrusted gold belt of the world's heavyweight champion boxer. The belt, valued at \$100,000, has been on display for the past two months at the Schenley Distilleries' "Golden Age of Elegance" exhibit here. It was handed to Bank of America manager Fred Ingram, right, by Schenley representative Bob Sun Photo)

Benny Right, Burglars Do Like to Visit His House

"Burglars spend more time in my home here than I do," said Jack Benny on a recent visit to the Village.

And yesterday, sometime between 1 and 8 p.m., the Jack Benny residence at 987 Avenida Palos Verdes was burglarized again, but this time the thieves took only a few bottles of liquor and an electric razor.

Looking Ahead

HARPSWELL, Me. — (UP) — School committeeman William Haddon conceived a plan whereby the town has budgeted extra money each year since 1952 to put in the bank for later school construction. In 1956 the town had half the \$78, necessary for a consolidated school, and it was simple to borrow the rest. The school was built and went into operation last fall.

Entry had been made by breaking a window and opening it. Inside, the burglars opened drawers and doors, but left the contents neat and in place.

Apparently interested only in the liquor and the razor, the thieves left behind many valuable items.

This is the third burglary at the Benny home in the past year, and only two months ago one of the burglaries was solved. Detective Lt. Robert White reports that local police have leads as to the identity of the burglars.

There's been lots of "wearin' o' the Green" this week ... and I don't mean just people ... All that rainfall has touched the metal-colored mountains with verdigris ... and the grass trees have never been greener ... Wildflowers are spectacular ... and with so much moisture ... this could be the year that they make a surprise appearance on the mountainsides ... Over at Hemet they dress up the mountainslope around the Ramona Bowl with bright-colored flowers ... substituting for what isn't happening naturally ... to enhance the stage setting for their annual production of the Ramona pageant ... which is a major April event in the Southland ...

Come to think of it ... Hemet is just the other side of the mountains ... and it would be nice if we could tie our own Desert Circus and the Ramona Pageant together some way ... as these are two of the major events in the Southland for April ... An early day Spanish entry from "Ramona" would add to our colorful parade and promote attendance at the pageant ... perhaps even Palm Springs Day ...

Lee and Dr. George Kaplan plan to entertain for their friend Mrs. Stewart F. Alexander of New York during her Palm Springs stay ... Mrs. Alexander, whose husband is a nephew of George Alexander, will be vacationing at Ocotillo Lodge ... She is head of the Women's National Republican Club ...

Out at the Racquet Club Monday night ... New Yorker Donald Stralem and Chicagoan Frank Mandel took over the Mural Room for their annual party ... Long-time friends who have been wintering in Palm Springs for many years ... they've been hosting this party for their Palm Springs friends for seven years ...

Racquet Club's popular Tex and Cy ... with wearing derby hats ... and with garters holding up their shirtsleeves ... presided at the bar ... and Teddy Noell and his orchestra played for the party to dance ... A St. Patrick's bouquet of white stock and gladioli and green carnations, shamrocks and Bells of Ireland ... decorated the buffet table ... which featured those miniature hamburgers ...

St. Patrick's colors predominated in the clothes too ... Virginia Farrell looked queenly in green satin ... Buddy Simon's off-the-shoulder gown was green ... and Dorothy Gray Brown also wore green ... Escorting Georgina Poston was Jimmy Morton wearing a bright green jacket ... Met Elsinore Machris with John Haskell as we arrived ... They were leaving early to go on to the Davis party ... Georgia was there with Gus Kettmann ... her first social appearance since the birth of their baby ...

Jan King, looking radiant in a white leather coat with mink trim ... was escorted by Pierre Bouscaren ... In the crowd were the Ruloff Cuttens, Helen and Jack Kenaston, the Raymond Loewys ... Elsa Bassichis (Bill made a flying trip to Cleveland on business) Joan Bering, the Samuel Sontags ... Connie and Ruby Rubenstein of The Dunes on one of their rare nights out ... Connie in white doing a mambo with Manny Goldman ... The Charles Naskos, Maurice Horners, Dr. and Mrs. George Kaplan ... the Charles Mendelsons, Irving Florsheims, Sydney Adelstein ... the Herbert Sterns, who have invitations out for a Sunday night cocktail-buffet at their Vereda Sur home ... and more ... Dr. and Mrs. Alfred Strauss left early ... as they were lucky enough to be invited to the Irish Stew dinner John Connors was hosting that night ...

Big Bear Wedding Is Announced

Mrs. Merrill N. Phillips Sr. of Cathedral City is announcing the marriage of her daughter Patricia Ann Phillips who was married to Ronnie Lee Long, son of Mrs. Ethel Long Robertson of Big Bear, on March 14. The wedding took place at 7:30 p.m. in the Big Bear Community Church, with Rev. Shepson officiating.

The bride's brother Merrill acted as best man and his wife as matron of honor.

The bridegroom is engaged in construction work and the young couple will make their home in Cathedral City.

I haven't seen her ... but have heard several times that Garbo is vacationing out at La Quinta ... and was dining at the Doll House the other evening ... with a party of five ... two men and three other women ... about the usual Palm Springs ratio ...

It was a hilarious affair at Ocotillo Lodge Sunday afternoon ... when the Candlewood Room was packed with people there to watch Jerry Lewis auction off paintings by famous name artists ... Jerry, who is currently appearing in Chi Chi's Starlite Room is national chairman for Muscular Dystrophy ... for which the auction raised over \$3000 ... The star has been associated with this national charity for nine years ...

Muriel Fulton bid \$150 for a miniature model of a house ... Pat Morrison, Walt Disney, Negulesco, Harpo Marx, Cornel Wilde, Vanessa Brown paintings were auctioned off ...

It was Jerry's birthday and they brought in a lighted birthday cake for him ... which he auctioned off for \$75 ... with the high bidder presenting the cake with his compliments to two small girls in the audience ...

Dropped in to the press cocktail party which preceded the auction ... Columnists Bill Kennedy and Eve Starr from Los Angeles were there ... with the Stanley Spiegelmans ... but left for Pat O'Dea's house where a party was in process celebrating the first birthday of the O'Dea's son who was born on St. Patrick's day ...

Vaughn, Beecham Battle Tonight

WASHINGTON — Willie Vaughn of Los Angeles and Jimmy Beecham of Miami Beach, Fla., will be rated at "even money" tonight when they square off in the new Capitol Arena in a nationally televised "rubber match."

Vaughn, the eighth-ranked contender for middleweight king Carmen Basilio's title, suffered an upset 10-round loss to Beecham on Feb. 4 but reversed the decision on March 4.

An impressive victory could well boost Beecham into the top 10 because he has an overall record of 22 victories, 7 knockouts in 28 professional bouts. An aggressive, rapid-fire puncher, Beecham has been stopped only twice while Vaughn has been halted five times.

Kubek Bypasses Sophomore Jinx

By UNITED PRESS
The New York Yankees' American League rivals can forget about any so-called "sophomore jinx" as far as Tony Kubek is concerned.

Kubek, the league's rookie of the year in 1957 when he played four positions, is playing shortstop this spring but doesn't figure to start the season there. Instead, he's expected to take over at second.

REGARDLESS OF where he plays, the 22-year-old native of Milwaukee continues to swing that "educated bat."

Tuesday, for example, he lashed out two triples and two singles as the Yankees stretched their winning streak to five games with a 7-3 triumph over the Detroit Tigers.

THE CHICAGO White Sox' four-game winning streak ended when the Washington Senators combed three rookie pitchers for nine runs in four innings en route to a 10-0 victory.

The Philadelphia Phillies blasted

ed four homers off ex-teammate Harvey Haddix and whipped the Cincinnati Redlegs, 6-3.

GIL HODGES singled home the winning run in the Los Angeles Dodgers' 5-4, 13-inning win over the Kansas City Athletics but manager Walt Alston sweated it out until X-rays disclosed no fracture to pitcher Clem Labine's right ankle. Labine was hit by a liner off the bat of Bob Cerv. He left the game but is expected back in action in a few days.

Charley Beamon and Hector (Skinny) Brown combined to hold the San Francisco Giants to eight hits as the Baltimore Orioles scored a 1-0 victory.

THE CLEVELAND Indians, sparked by Fred Hatfield's two-run triple in the fifth inning, downed the Chicago Cubs, 6-4, and the St. Louis Cardinals beat the Boston Red Sox, 3-2.

The Indians announced that outfielder Joe Caffie, pitchers Stan Pita and Julio Guerra and catcher Earl Averill are being cut from their squad.

39 Indian Cagers Awarded Letters, Numerals for Year

Thirty-nine members of Palm Springs High School basketball teams were today sporting school letters and numerals handed out in an annual awards assembly.

The awards assembly also marked the last basketball appearance for four varsity squadmen who are scheduled to graduate in June.

Graduating lettermen are John Ivey, Dave Lance, Bruce Waller and Bob Jackson.

TEAM OFFICIALS remarked that graduation of the star seniors might hurt next year's prospects, but they expect "plenty of strength" to come up from the B-team.

Varsity letter winners were Jackson, Waller, Lance, Ivey, Stan Cirratta, Joe Lewis, David Sing and Dick McFarland. Varsity numeral men are Paul Madsen, Don Burke and Ernie Madsen.

B-team letter winners were Jeff Lilley, Eric Williams, Bill Ivey, Allen Elrod, Marty Burke and Roger Burton.

C-TEAM LETTERS were awarded to Jan Hendershot, Ronald Studebaker, Ron Dailey, Dagoberto Duran, Robin Jones, Tony Gomez, Norman Ruiz, Bill Everly, J. C. Walton, Mike Hart, Jim Hall and Dick Cooper.

D-team letters were handed to Arain Payne, Bob Beck, Clark Sloan, Walt Charlton, Bill Peacock, David Fox, Warren Bedwell, Rod Townsend and Vernon Kozien.

Indian Swimmers Win CBL Relays

An undermanned Indian varsity swimming team raced away from heavy Riverside and Redlands squads to win the second annual Citrus Belt League Invitational Relay meet last night.

Palm Springs High School pitched an 11-man squad — smallest of the seven teams competing — into the University of Redlands pool and came up with 10 gold first place and 16 silver second place medals.

THE INDIANS took two firsts and four seconds to place in all six events.

Hosting Redlands finished second while Riverside Poly, last year's winner, ran third.

Coached by Vern Johnson, new swimming mentor who marked his first time out in western county competition last night, the Indian squad rang up 68 points for the meet. Runner-up Redlands tallied 62.

FIRST OF THE INDIANS' two relay wins came in the 200-yard freestyle event. Gold medal winners were Bill Daniels, Jim Lubach, Jim Bratton, John Gallenani, Don Burke, David Self and Nelson De Jesus.

A four-man Indian team also took the 200 - yard backstroke medal. Indian backstrodders were Daniels, Jeff Lilley, De Jesus and Burke.

Riverside barely nosed out the tribesmen to win the four - man medley race. Second-place Indian swimmers were Burke, Self, Jack Norrie and Nelson De Jesus.

OTHER SECOND - PLACE events for the Indians:

Stokes Believed Suffering from Sleeping Sickness

CINCINNATI, Ohio — Cincinnati Royals star center Maurice Stokes, believed to be suffering from sleeping sickness, still was unconscious Monday night.

Team physician Dr. Benjamin Hawkins predicted that Stokes would recover and play basketball. "But," he said, "there seems small prospect of his making a quick recovery."

Stokes was rushed to St. Elizabeth's Hospital at nearby Covington, Ky., Saturday after he collapsed aboard a plane from Detroit.

Butterfly - breaststroke, Bratton, Gallenani, Daniels, Norrie.
Orthodox - breaststroke, Knut Skjonberg, Lillie, Norrie, Self.
Four-man free style, Lubach, Kenny Wagner, Bratton, Gallenani.
Other teams entered in the meet were Coachella Valley, San Bernardino, Chaffey and Pacific high schools.

SUNAIR

By JEAN PATANE

Houseguests of Mr. and Mrs. George Patrick at their home on Melrose drive are Mrs. Patrick's sister, Edith K. Kinsley, Mr. and Mrs. Herman J. Stelling and Mrs. Stelling's mother, Mrs. Celia Sence of Puyallup, Wash.

Mr. and Mrs. Stelling are owners of Western Furnaces, Inc., representing General Electric in Tacoma, Wash.
On Friday evening Mr. and Mrs. Patrick hosted a barbecue in honor of the visitors, with Mr. and Mrs. Terry Rossiter, of Tacoma, wintering at DeLuxe Trailer Park, and Mr. and Mrs. Floyd Daniels of Sunair as their guests. Mrs. Kinsley will remain with the Patricks and return with them to Washington for the summer.

Among the guests at Sunair Terrace were Robert L. Mikelson and son, Bob, who returned to their home in Centralia, and Mr. and Mrs. Halley Adams of Bijou, Calif., who were here for a week. Enjoying the weekend were Mr. and Mrs. H. A. Herdler of Los Angeles, and Mrs. H. C. Yeager with Mrs. Adel Oliver of Laguna Beach.

Mr. and Mrs. Harry Campbell arrived Friday from Denver, Colo., for a desert vacation at Palo Verde Apartments. Mrs. Susan McElroy of Los Angeles has been a guest at Palo Verde Apartments for the past month.

Last week Mr. and Mrs. Frank W. Thompson had as their houseguests Mrs. Lillian Morrell of Los Angeles.

Mr. and Mrs. John Swanston arrived from their home in McVie, N.D., for a week of desert sunshine at the Melrose Apartments. Mr. and Mrs. Leslie R. Olesen, personal friends of Mr. and Mrs. Howard Edwards, owners of the Melrose Apartments, are here for four days from their home in San Jose. The population of Uruguay, Australia and New Zealand consume more red meats and poultry than the U. S. population on a per capita basis.

MULTIPLE LISTING IS FOR CO-OPERATIVE SELLING OF REAL ESTATE

The Multiple Listing Caravan is becoming a familiar sight. Thirty or more real estate salesmen take the weekly tour to inspect properties just listed in Multiple. They estimate the value of the properties visited. The average is compared with the asking price. Thus, the broker with whom you listed your property has a measure of its market value. If you are curious about your property, call him.

Call any broker listed below if you want your property on the Caravan.
